Dear Parents and Sponsors:

Faith preparation begins in the home, it is strengthened with church participation, continued at home, and extended into the community. This is a FAMILY oriented program. It is expected that as parents, godparents, and sponsors you are the primary teacher of faith for your children. During each session below we promise to guide you through the information to expand on at home. The first text lesson will be done as a group, then you continue the faith conversation at home and practice in your lives. We take seriously our role to work with all families to support, help, and guide you in faith formation and development.

All times are from **1-2:30 pm** at Sts. Peter & Paul unless noted.
